Council Tries Previously.

Still clinging to the hope that a termination of the street car strike might be accomplished through efforts of arbitration, Mayor Harrison and the aldermen's committee gathered in the former's office very early today. Members of the executive board of the striking division of car men had previously assembed with President Mahon to discuss the counter cision which might mean an amicable settlement of the strike or might mean another step toward a general demoralization of the city's industries.

At the union headquarters the impression prevalled that the offer would be rejected. It was said that the company had offered no concessions with regard to the routing of cars, and this was declared to be one of the essential points involved from the standpoint of the strikers. The situation apparently was that the mayor and the mediation committee would have to try again if peace is to be brought about through their efforts.

Grand Jury Indicts for Alleged Bootlegging and Abuse of Mails.

MOST OF WITNESSES GO TO HOMES

James T. Walker of Lincoln and F. J. Harrison of Kearney Charged with Violating Civil Service Laws.

The federal grand jury submitted a report to Judge Munger last evening about 5 'clock in which eighteen indictments were returned. Three of these were for improper nee of the mails and fifteen for selling liquor to Indians. In the latter fifteen cases none of the indicted parties is yet under arrest and their names are withheld pursuant to the custom of the United States courts until the parties are either arrested or have given bonds for their appearance. James T. Walker of Lincoln is one of the

parties indicted for sending unmallable matter through the mails. Another is F. J. using the mails for blackmailing purposes. The third party indicted is still at large lous reasons.

The grand jury will reassemble at o'clock this morning for the further consideration of bootlegging cases.

No further indictments were returned in the postoffice scandals at Alma, Orleans, Arapahoe or Oxford, and no further investigation will be undertaken in these cases until the return of District Attorney Summers from Washington.

Most of the witnesses in the postoffic cases have returned to their homes with instructions to return to Omaha by Tuesday morning, at which time the investigations will be resumed before the grand

That the animus behind these charges and counter charges goes back to the senatorial contest of 1901 is developed in the fact that the most active and garrulous witnesses belong to the defeated faction in that contest, and their personal grievances are distorted and elaborated upon with the utmost virility. The Real Cause of This Joint-Twisting. Muscle-Binding, Nerve-Infinming

To the pain-distorted vision of the owner it appears many times as large. The trouble is rheumatism and gout.

The cause, uric acid.
The cure, Warner's Safe Cure.
Uric acid is a natural product of our bodies, the result of tissue changes and a meat diet. Like the sewage of cities it is contaminating

It is the work of the kidneys to elimin ate this poison from the system as rapidly

as formed.

When, however, the kidneys have become weakened or diseased there is an accumulation of uric acid that poisons the blood.

In coursing through the bedy the uric acid settles in the joints and causes articular—joint—rheumatism; it attacks the lower part of the back and produces lumbage; it affects the delicate membrane covering the sciatic nerve and the result is

sciatica—they are all rheumatism.

Urlc acid is the father of all rheumatism no matter where located or by what name it may be called.

Safe Cure cures rheumatism because it restores the kidneys to healthy action and enables them to pass out of the system the excess of urlc acid that is the cause of the disease. MR. JOHN S. WILSON, 43 Schuyler St., Albany, N. Y.-Laid up for Weeks

by Inflammatory Rheumatism, is Permanently Cured by Safe Core.

"About six years ago I was a martyr to frequent attacks of inflammatory rhoumatism in my fest and hip joints. Often had to give up work for five or six weeks at a time. I tried prescriptions by the dozen, one after another, and some would-be sure cures from different friends. None seemed to do me any good. At last fortune caused me to visit an old friend of mine who I knew at one time suffered as I did. He told me what Warner's Safe Cure had done for him. He had about half a bottle left over and I took It home and began to take it as directed. By the time I had finlished I found a little relief. I got a bottle and continued taking the remedy until I had used up three bottles. I was so encouraged that I kept on taking it for two months after, when I was entirely cured and have had absolutely no rheumatism since. I always keep a bottle in the house and recommend it to all I hear complaining as I did. —JOHN S. WILSON. by Inflammatory Rheumatism, Is Permanently Cared by Safe Core.
